2018-2019 MISSIONS THAT NBCC WILL SUPPORT THROUGH FAITH PROMISE

This is a proposed list for 6 missions for 2018-2019 and is still under consideration. This is NOT a final listing of ministries for 2018-2019.

Caribbean Christian Construction: CCC is an international ministry focusing on the construction of churches and Christian schools in the Caribbean; most recently in Jamaica.

Deaf Missions: If you put all the Deaf people in the world in one country, it would be the third most populated country in the world. Deaf Missions exists because only 2% of these Deaf people around the globe have been introduced to Jesus. That means 98% of Deaf people have yet to experience salvation in Him.

Family Ministries of Florida: Since 1976 Family Ministries of Florida has been serving and building relationships with families throughout the state of Florida and beyond. Children who cannot live with their families for one reason or another attend our residential program, while students from on campus as well as the surrounding community attend Legacy Christian Academy.

Impact at USF: Our campus ministries are built on the premise that true success is developing “intimacy with God” (a personal, real, dynamic relationship with God through faith in Jesus). We do this by pursuing it ourselves, modeling it, and purposefully teaching it to university students across America.

Lake Aurora Christian Camp: This is a camp and retreat center dedicated to helping youth and families to develop core values based on Christian principles. It is our goal to give each participant a wholesome life experience in an outdoor setting.

New Life Solutions: New Life Solutions, Inc. is the Ministry Head of More2Life Youth Development Program, A Woman’s Place Medical Clinics, Passages of Hope Post-abortion Grief Recovery Program, Shepherd’s Village Single-Parent Residential Ministry, and Breath of Life Women’s Health and Birth Center. We are a Christ-centered ministry offering hope, help and healing for women, teens, and families by promoting healthy lifestyle choices and relationships.
